

# **IP Voice Telephony & Networking Solutions**

For Small, Medium and Large Businesses

# Enhance your teams communication

Take a look into our wide range of telephony endpoints and construct the perfect network with Grandstream today.

## Enterprise IP Phones

**GRP2616**  
Enterprise HD IP Phone

6 lines, 6 SIP accounts, dual Gigabit ports, PoE, Dual LCD Screens digital BLF/speed dial keys, Bluetooth

**GRP2615**  
Enterprise HD IP Phone

10 lines, 5 SIP accounts, dual Gigabit ports, PoE, 40 BLF/speed dial keys, Bluetooth

**GBX20 Extention Module**  
Backlit LCD, 40 BLF/speed dial keys per module, for the GRP2615 IP phone.

**GRP2613**  
Enterprise HD IP Phone

6 lines, 3 SIP accounts, dual Gigabit ports, PoE, 24 digital BLF/speed dial keys, Bluetooth

## Business IP Phones

**GRP2612W/GRP2612P**  
Mid-Range IP Phone

**GRP2612W** - 4 lines, 2 SIP accounts, 16 digital BLF/speed dial keys, WiFi integrated

**GRP2612P** - 4 lines, 2 SIP accounts, 16 digital BLF/speed dial keys

**GRP2604P**  
Small Business HD IP Phone

3 lines, 6 SIP accounts, dual 10/100/1000Mbps ports, PoE 132x48 Backlit Screen, HD Audio

**GRP2602P**  
Small Business HD IP Phone

2 Lines, 4 SIP Accounts, POE 132x48 Backlit Screen, HD Audio

## Essential IP Phones

# Cordless IP Phones

## *WP810/WP820* WiFi Cordless IP Phone

**WP810** - 2 lines/2 SIP accounts, dual-band WiFi, HD voice, 6 hour talk time, push-to-talk, 1.8 inch LCD

**WP820** - 2 lines, 2 SIP accounts, dual-band WiFi, Bluetooth, HD voice, Accelerometer, 7.5 hour talk time, push-to-talk, 2.4 inch LCD

## *DP722* DECT Cordless IP Phone

10 line/10 SIP account DECT handsets, HD voice, 20 hours talk time and 250 hours standby time, 1.8 inch LCD, push-to-talk.

## *DP730* DECT Cordless IP Phone

10 line/10 SIP account DECT handsets, HD voice, 40 hours talk time and 500 hours standby time, Accelerometer, 2.4 inch LCD, push-to-talk, 3.5mm jack

## *DP752* DECT Base Stations

High-end and mid-tier DECT base stations support any current DP device, up to 400m range outdoors and 50m range indoors

## IP Phone for Android

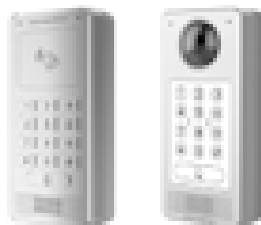

### *GXV3370* IP Video Phone for Android™

16 lines, 16 SIP accounts, dual Gigabit ports, PoE, 7" touch screen, integrated WiFi and Bluetooth, Android 7.0 device, H.264, PoE

## Door Phones

### *GDS3705/GDS3710* IP Door Phones

**GDS3705 IP Audio Door System**  
HD audio options with up to 1.5m of audio input and 3m of audio output, built-in dual microphone and HD loudspeaker

**GDS3710 HD IP Video Door System**  
Powerful video resolutions up to 1080p, Built-in RFID chip reader for keyless entry, supports motion detection, built-in microphone and speaker

## Intercoms and Paging

### *GSC3505/GSC3510* SIP Speaker/Microphone

**GSC3505** - Speaker with HD acoustic chamber, SIP paging, multicast paging, call waiting with priority override, full-band and wide-band audio codec support

**GSC3510** - High-fidelity 8W speaker, 3 directional mics, advanced acoustic echo cancellation, Bluetooth, dual-band WiFi, Full-band and wide-band codec support

# Networking Solutions

Powerful and secure networks with wide coverage range. They feature industry-leading setup and management thanks to embedded provisioning and management controllers.

## POE's and ATA's

### POE INJECTOR

Passive POE Injector

- » 48V 0.5A Output
- » Positive Pole: Pin 4+5
- » Negative Pole: 7+8 is for powering 10/100Bit and gigabit devices

### HT801/HT802

Analogue Telephone Adapter

- » 1 SIP Profiles through 1 FXS ports (HT801)
- » 2 SIP Profiles through 2 FXS ports (HT802)
- » 3-way voice conferencing
- » Supports a wide range of caller ID formats

## WiFi Access Points

### GWN7605/GWN7615/GWN7630

Enterprise 802.11ac Wave-2 WiFi Access Points

- » Embedded controller - can manage upto 50 local GWN series AP's
- » GWN.Cloud offers unlimited AP Management
- » GWN Manager offers Premise-based Software controller
- » 2x Gigabit wireline ports
- » **GWN7605**
  - 1.27 Gbps wireless throughput
  - Dual Band 2x2:2 MU-MIMO technology
  - Support for more than 100+ WiFi client devices
- » **GWN7615**
  - 1.75 Gbps wireless throughput
  - Dual Band 3x3:3 MU-MIMO technology
  - Support for more than 200+ WiFi client devices
- » **GWN7630**
  - 2.33 Gbps wireless throughput
  - Dual Band 4x4:4 MU-MIMO technology
  - Support for more than 200+ WiFi client devices

### GWN7605LR

Enterprise 802.11ac Access Points

- » 1.75Gbps wireless throughput & 2x Gigabit wireline ports
- » Dual-band 3x3:3 MIMO technology
- » Support for more than 250+ WiFi client devices & 16 SSIDs per radio
- » Up to 175-meter coverage range

## Gigabit Router

### GWN7000

Gigabit VPN Router

- » 7 Gigabit ports (2 WAN and 5 LAN)
- » Embedded controller to control 300+ APs
- » Multi-WAN ports with load balancing & failover
- » 1 million packets/second routing & 10Gbps aggregate switching power
- » Rich peripheral support like printer, NAS, file server

### GWN.Cloud

Cloud Controller for Grandstream's GWN series

- » Centralised WiFi management
- » Real-time monitoring and reporting
- » Captive portals with customization options, security and authentication features, etc.

### GWN7602

Mid-Tier 802.11ac WiFi Access Point

- » 1.17Gbps wireless throughput
- » 1x Gigabit wireline ports
- » Dual-band 2x2:2 MU-MIMO technology
- » Support for upto 80 WiFi client devices
- » Up to 100-meter coverage range

### GWN7630LR

Outdoor Long-Range 802.11ac Wave-2 WiFi Access Point

- » 2.33Gbps wireless throughput and 2x Gigabit wireline ports
- » Dual-band 4x4:4 MIMO technology
- » Support for more than 200+ WiFi client devices
- » Self power adaptation upon auto detection of PoE or PoE+
- » Up to 300-meter coverage range
- » Advanced QoS to ensure real-time performance of low-latency applications
- » Anti-hacking secure boot and critical data/control lockdown
