At VTech, innovation is everything. It's what guides us to design telephones that keep your costs down and your guests better connected—fusing market demands with the comforts of home.

- *USB charging ports provide easy access for guests to charge smartphones.*
- *Petite Phone® models make the most of tight spaces with compact footprints.*
- *Customisable faceplates and programmable guest service keys promote hotel services and amenities.*

"With every project, we try to push the boundaries—to innovate; to bring something new to the market."

– David Waterman, VTech Design Director

Upgrading the Guest Experience

When you've invested so much in upgrading your guest experience, you want to ensure no detail is overlooked. VTech hotel phones complete the backdrop, elevating your brand to the standard your guests expect.

- *Contemporary styles complement a variety of interiors and properties—from the luxury resort to the short-stay motel.*
- *Antibacterial plastic protects guests and housekeeping staff from germs.*
- *Guests feel right at home with intuitive, modern features, including cordless handsets, speakerphones, USB charging ports and more.*

Since 1976, VTech has been designing the world's top-rated corded and cordless telephones. Our relentless pursuit of quality and innovation fuels the best-in-class engineering and green standards that help define our product line.

- *SIP and analogue technologies accommodate every need and budget.*
- *In-house manufacturing results in higher quality and safety standards plus lower production costs—savings we pass on to our customers.*
- *Rigorous testing guarantees our phones perform in all climates and environments.*
- *ENERGY STAR® qualification ensures our analogue and SIP phones use less energy.**

“Our strong R&D capability and economies of scale have always enabled us to introduce innovative, feature-rich products that are competitively priced.”

- Allan Wong, Chairman and Group CEO, VTech Holdings, Ltd.
