## *Every hotel deserves a 5-star phone*

From the guest room to the lobby, VTech® corded and cordless phones fit right in—whether you're catering to busy road warriors or families on vacation. That's thanks to our experience as the world's largest manufacturer of telephony products.

For more than 35 years, we have made significant investments in understanding what consumers want in corded and cordless phones. It's allowed us to deliver products that are easy to use, design forward and technologically advanced. It's also enabled us to provide world-class sales support to our customers in every corner of the globe. The result is a clear cost and feature advantage in our hospitality product line—solutions that can be scaled to accommodate a variety of business models, property needs and other special requirements.

Tasteful design, advanced engineering, antibacterial plastic and practical footprints come together in our comprehensive palette of 1-Line and 2-Line phones. Choose our contemporary styling in analogue or SIP technology—with innovative features to meet your specific needs.

In an industry where first impressions matter and space is often at a premium, VTech® hotel phones answer the call.

## *Contemporary Analogue and SIP Corded Phones*

Dial up your guest experience a notch with our contemporary analogue and SIP phones.

Elegant styling lends a modern, fresh touch to guest rooms, while antibacterial plastic protects guests and housekeeping staff from germs.

Our analogue and SIP phones feature the same attractive design, providing hotel guests with a seamless experience.
