

Smarter protection for your valuables

ASSA ABLOY
Opening Solutions

ASSA ABLOY Aperio® KL100 adds
wireless access control to lockers
and cabinets

Experience a safer
and more open world

Trusted security for your valuables

Protect valuables and personal belongings stored in cabinets, lockers or drawers with secure, convenient Aperio wireless access control

Make lockers and cabinets part of your access control system

Whether it is sensitive files, controlled drugs or personal belongings - controlling authorized access should not end at the door. With Aperio KL100, you can add cabinets to your EAC system. It integrates wirelessly with your new or existing access control system, so one software interface controls all doors and lockers at your site.

ASSA ABLOY Aperio KL100 adapts to multiple applications

KL100 secures sensitive assets and valuable belongings in any kind of shared space:

- Lockers, document cabinets and drawers
- Medicine cupboards and trolleys
- Retail-floor storage and display
- Storage space at flexible working offices or hotdesking spaces

Small is the new big

Secure locking and powerful access control packed inside one tiny ASSA ABLOY Apero device

Powerful

Enjoy all the benefits of wireless access control, e.g. detailed access audit trails which make it straightforward to investigate any incident or breach

Incredibly small

Measuring just 57 × 63 mm, Apero KL100 blends with any room architecture or design

Smart

It can be operated with your smartcards, bracelets, fobs and smartphones (NFC and Bluetooth)

Visual

Inbuilt LED instantly communicates if access is granted or denied

Cable free

Install without wiring or connection to the mains. Minimum footprint on your furniture

Energy-saving

KL100 is battery-powered with a typical battery life of several years

Flexible

Four lock versions:
Two lengths: Short and long cylinders to fit metal and wooden doors
Two hole diameters: 19mm and 22mm

Adaptable

May be fitted for left- or right-handed cabinet opening, and vertically to secure drawers

Compatible

Several cam versions available for multiple uses such as lockers, medicine stores, filing cabinets and more

Handy

Lock surface designed to allow manual pull for opening lockers without knobs

Plan your upgrade now!

ASSA ABLOY Apero wireless devices are built to open standards, to integrate seamlessly with security and automated building management solutions from over 100 different OEMs.
