PROKEY

PROKEY WIEGAND RECEIVERS & REMOTES

Overview

With a fantastic range of up to 150m (line of sight), the ProKey remote is compatible with Wiegand or standalone relay output receivers allowing you to connect to any existing product in the market. As an optional extra the remote can be fitted with either a EM, HID, iClass or iClass HS tag for interfacing with access control systems. The site code (0-255) and number range (0-65535) of the wiegand remote is fully programmable and is custom ordered to suit the installation.
