Instant Conferencing Enhanced

Sleek and portable wireless Bluetooth® speakerphone with exceptional audio performance. Join meetings instantly and experience crystal clear audio on both ends of the call. Three beamforming microphones isolate voices from room reverb and ambient noise for a rich and dynamic audio experience.

Easy to setup and use with multiple connection options (Bluetooth® or USB-C cable) for plug-and-play conferencing anywhere. Long battery life with up to 18 hours talk time. Supports both personal use and small to medium sized meeting rooms for up to 8 people.

Reduce background noise

Three beamforming microphones isolate voices from room reverb and ambient noise

Allows simultaneous speech

Industry-leading duplex performance enables several people to talk at once without being cut off

EPOS Software Solutions

Tailor the device and maintain optimal performance by remotely updating to the latest firmware with EPOS Software Solutions

Multiple connection options

Bluetooth® or USB-C cable for easy plug-and-play conferencing anywhere

Comes in three versions

UC Optimized (including or excluding Bluetooth® USB dongle) or Microsoft Teams Certified with Bluetooth® USB dongle
