Headsets & Meeting Solutions

Unified Communications | Microsoft Teams

We develop premium solutions that deliver excellent audio experiences so individuals and teams can reach their goals and perform better.

Our partnerships

EPOS works with strategic alliance partners to ensure that our products and speakerphones are easy to deploy and are fully compatible with all major Unified Communications platforms and desk phones.

Our headsets are designed to maximise the performance of your chosen communications solution by seamlessly delivering the ultimate in sound and design quality.

EPOS headsets and speakerphones are thoroughly tested with our partners for compatibility and optimal acoustic performance. Based on the test results, our products are certified by our partners.

Unified Communications

Moving towards a UC environment

A Unified Communications solution does precisely what it says: It brings together a company's voice, text and video based communication under one unified solution.

The advantages of a Unified Communications solution include enhanced overall efficiency of a business through increased productivity and mobility, resulting in a positive return on investment.

Whether in the office, at a meeting, traveling, or working from home, EPOS offers a comprehensive range of quality wired and wireless headsets and speakerphones to enhance your Unified Communications experience and helping you to stay in touch.

Microsoft Teams

EPOS has a wide range of headsets, speaker- phones and video conferencing solutions that are certified for Microsoft Teams making it even easier to collaborate with your team through one of the world's most effective collaboration tools.

- Dedicated Microsoft Teams button
- A seamless collaboration experience
- Certified video conferencing solutions

ADAPT RANGE

ADAPT 100 Series

- ADAPT 100 Series are wired headsets for UC professionals who value device flexibility, great sound, discreet modern style and comfort.
- Great sound for calls and multimedia.
- Connectivity via 3.5mm jack, USB or USB-C.
- Convenient noise limiter switch.
- Easy to store and portable.
- Choice between single-sided or double-sided variants.
- Optimised for UC and Microsoft Teams. 

ADAPT 200 Series

- Enjoy flexible connectivity via Bluetooth® to two devices simultaneously, plus great audio.
- Maximise productivity with leatherette ear pads for all day comfort.
- Look good at work or on-the-go with a stylish design including foldable boom arm.
- Extremely portable with a smart, foldflat ear cup design and carry pouch.
- Optimised for UC and Microsoft Teams. (using the USB dongle). 

ADAPT 300 Series

- Concentrate in noisy environments thanks to Active Noise Cancellation (ANC).
- Stay comfortable with soft ear pads even after hours of wearing.
- Looks good inside the office & on-the-go with sleek, minimal look.
- Add refined EPOS sound to your everyday routine.
- Clear calls with certified solution
- Optimised for UC & Microsoft Teams (using the USB dongle).
