TM50
Touch Screen Keypad

With its bright color display, intuitive icons, and menu-driven interface, the TM50 Touch Intuitive Touchscreen reflects Paradox's commitment to user-centric design.

The TM50 Touch allows you to control your Paradox system's functions through its touchscreen interface. The TM50 Touch includes many convenient features, such as support for up to 32 floor plans with test mode (optional SpotOn Alarm Locator™ and Solo Test™ features), and OneScreen Monitoring™, which allows the user to view the status of all eight partitions and up to 192 zones.

The TM50 Touch also supports an external SD media card slot with cover clip, customizable labels, one zone/temperature input, and customisable translation.

The TM50 Touch makes the user experience easier and friendlier than ever. Featuring intuitive icon-based menus (no manual needed), ultra-fast response time when scrolling through pages, and clear & precise menu-driven prompts, the TM50 Touch is the next generation in system control.
