

## K641+ Touch Screen Keypad

The K641+ Paradox Blue LCD Keypad is intended for daily operations and programming the PARADOX – Digiplex EVO series alarm control system

With the LCD display showing text messages, even advanced functionalities of the alarm control unit are simple and convenient.

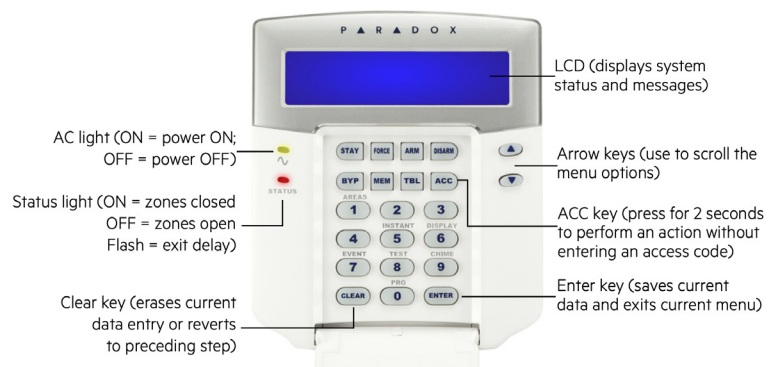

The K641+ Paradox Blue LCD Keypad has a large LCD screen with blue backlight that can display up to 32 characters.

For better comfort, the backlighting, contrast and scrolling speed are adjustable. The connection to the alarm center is made with a 4-conductor alarm cable.

The K641+ keypad is only compatible with Paradox EVO192 and EVOHD wired control units
