If you need to move around freely and stay connected to do your job well, these professional wireless DECT headsets deliver it all. Iconic design, all-day comfort and legendary Sennheiser sound.

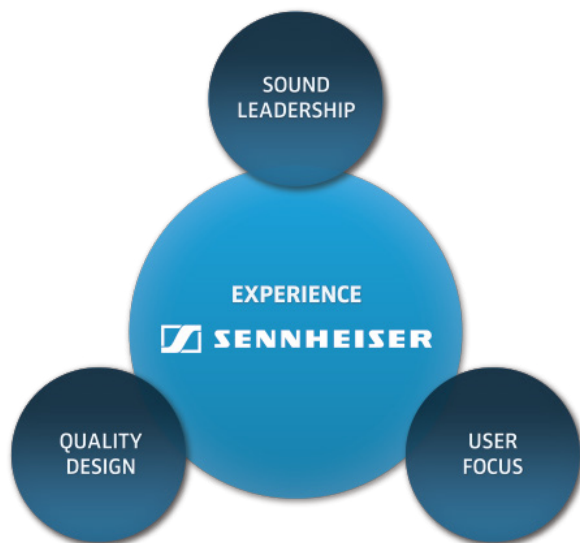

Whether you are in the office, in the car or outdoors, Sennheiser's professional Bluetooth® headsets give you clear sound, wireless communication freedom and exceptional wearing comfort.

Professionals who do their job from a stationary workplace will appreciate the all-day comfort, robust design and top quality sound of our wired headsets.

Connect to mobile phones, tablets or Unified Communications (UC) softphones and get more out of your personal or small group conferences with this flexible, mobile conferencing solution.

EXPERIENCE SENNHEISER

Perfection is always relative: Users have different expectations from their headsets and speakerphones depending on their needs. For professional users, that need is to communicate as effectively as possible.

With Sennheiser's range of headsets and speakerphones, the combination of Sennheiser sound leadership, quality design and build - and focus on real life usability - give the best performance possibly in Offices, Contact Centres and Unified Communications environments.

TRY OUR HEADSETS

Try a Sennheiser headset and experience the difference for yourself.

The Sennheiser professional trial program gives you the opportunity to test our range of headsets and speakerphones before you decide on the best choice for your Office, Contact Centre or Unified Communications solution.

STRATEGIC ALLIANCES

Sennheiser works with strategic alliance partners to ensure that our headsets and speakerphones are easy to deploy and are fully compatible with all major Unified Communications platforms and desk phones.

Sennheiser headsets and speakerphones are thoroughly tested with our partners for compatibility and optimal acoustic performance.

DON'T FORGET THE CABLE, GO TO

www.sennheiser-headset-compatibility.herokuapp.com

Sennheiser Headset Compatibility is a tool to help you find Sennheiser solutions (headsets and/or connectors) that works with your device(s).
